

## Cabinet Construction

From top to bottom, only quality material is used

1. Select grade hardwood doors & drawers with custom finish
  2. Galvanized steel corner brackets screwed in place
  3. Full-Extension Blum drawer tracks.
  4. 1/2" thick domestic furniture core backs, bottoms and sides. Optional domestic plywood is available.
  5. Choose self-closing knife hinges or Blum concealed cup hinges
  6. 3/4" adjustable shelves with brass plated steel furniture shelf pins
- Duralux Interior

- 1.
2. Candlelight's Signature Drawer is made with 5/8" Hard Maple drawer sides, 3/8" thick bottoms, and Finger-Joint dovetails. Our "Right Depth" drawers offer 4 1/2" of storage.
3. 3/4" Thick by 15 1/2" deep adjustable shelves
4. 3/4" thick Select hardwood face frames with joints screwed and glued together
5. Discover a Custom Finish  
Nothing beats the human touch. At Candlelight, every piece of wood is cared for as if by a Master Craftsman, from start to finish. First, wood is selected by hand for color and grain uniformity to meet the level of Select. Then it proceeds through multiple hand-sanding, cleaning, staining and sealing processes. With full confidence, we warmly invite you to feel the superior tactile qualities of Candlelight Cabinetry! Read more about our thorough finish process.
